CAREER OBJECTIVE

Looking for a challenging career which demands the best of my professional ability in terms of technical and analytical skills, and helps me in broadening and enhancing my current skill set and knowledge.

EDUCATION

Prakasam Engineering College

B.Tech Computer Science and Engineering-Artificial Intelligence(CGPA-7.3)

2021-2025

Kandukur, Andhra Pradesh

INTERNSHIP EXPERIENCE

Brainovison company

Web Development Role

- I immersed myself in web development, specially focussing on front end development.
- Built and designed website features using HTML, CSS, and JavaScript.
- Created a personal portfolio website while learning full-stack development at Teachnook. Used React for the frontend, CSS and Bootstrap for styling

Exceler

Fullstack Java

- Developed Web Applications: Assisted in building and maintaining full-stack web applications using Java for back-end development and HTML/CSS/JavaScript for front-end development.
- Collaborated on Projects: Worked with a team to design, develop, and test new features for educational platforms and services.
- Enhanced Database Management: Utilized SQL to manage and query databases, ensuring efficient data storage and retrieval

IES Pvt Ltd

Data Science

- Analyzed Data: Utilized tools such as Python and R to clean, process, and analyze large datasets to extract actionable insights.
- Built Models: Developed and implemented machine learning models for predictive analysis and data-driven decision-making.
- Visualized Data: Created data visualizations using tools like Tableau or Matplotlib to present findings and support business strategies.

PROJECTS

COMMUNITY SERVICE PROJECT

Description: Assisted with organizing and distributing food to local families in need.

- Supported fundraising efforts that raised \$3,000 for food supplies.
- Contributed to a 15% increase in volunteer participation through outreach efforts.

FURNITURE LANDING PAGE | HTML, CSS, JAVASCRIPT

Description: Created a responsive furniture landing page with HTML, CSS, and JavaScript.

- It includes sections for company info, product listings, and a contact form. Styled with CSS for visual appeal and added JavaScript for smooth scrolling.

PORTFOLIO | React

Description: Developed a personal portfolio website using React to showcase my projects, skills, and experience. The website is designed to be fully responsive and user-friendly.

TECHNICAL SKILLS
